2. (a) This interim renewal contract shall be effective from *March 1, 2000*  
                     and shall remain in effect through *November 30, 2000*                     .  
*and thereafter will be renewed as described in this Article. Except as provided in subdivision*  
*(b) of this Article*, Until completion of all appropriate environmental review, ~~including the~~  
~~programmatic environmental impact statement (PEIS) required by section 3409 of the CVPIA,~~  
and provided that the Contractor has complied with all the terms and conditions of the interim  
renewal contract in effect for the period immediately preceding the requested successive interim  
renewal contract, this interim renewal contract will be renewed, upon request of the Contractor,  
for successive interim periods each of which shall be no more than two (2) Years in length.  
Also, except as provided in subdivision (b) of this Article, In order to promote orderly and cost  
effective contract administration, the terms and conditions in subsequent interim renewal  
contracts shall be identical to the terms and conditions in ~~this~~ *the* interim renewal contract  
*immediately preceding the subsequent interim renewal contract: Provided, however, That each*  
*party preserves the right to propose modification(s) in any interim renewal contract other than*  
*those described in subdivision (b) of this Article*, in which case the parties shall negotiate in  
good faith appropriate modification(s) to be included in any successive interim renewal  
contracts. Said modification(s) of each successive interim renewal contract shall be agreed upon  
within a reasonable time prior to the expiration of the then existing interim renewal contract.  
*Nothing in this Article shall in any way alter the obligation that*, upon final completion of the

1 renewal contract for a period of twenty-five (25) Years and may thereafter renew such long-term  
2 renewal contracts for successive periods not to exceed twenty-five (25) Years each. The  
3 Contractor asserts that Contract No. \_\_\_\_\_ and existing law go beyond the preceding  
4 sentence to give it enforceable rights to successive long-term renewal contracts. The Contracting  
5 Officer disagrees with that assertion. The parties agree that this interim renewal contract  
6 preserves the rights and positions of the parties and that the omission of language in this interim  
7 renewal contract setting out the rights asserted by the Contractor to successive renewals is not  
8 intended to be, nor shall it be interpreted as, a waiver of any such rights to the extent any such  
9 rights are later determined to exist by a court of competent jurisdiction or by mutual agreement  
10 of the parties. If a court of competent jurisdiction or the parties by mutual agreement determine  
11 that incorporation of such language in this interim renewal contract is necessary to preserve such  
12 rights, this interim renewal contract shall be construed as incorporating such language as though  
13 fully set forth herein as of the effective date hereof.

14 *(b) The parties anticipate that they will engage in good faith negotiations*  
15 *intended to permit the execution of a 25 Year long-term renewal contract contemplated by*  
16 *Section 3404 (c) of the CVPIA, hereinafter referred to as a "long-term renewal contract", by*  
17 *the end of the term hereof. The parties recognize the possibility that this schedule may not be*  
18 *met. Accordingly:*

1                   (1) *The parties will negotiate in good faith the terms of a long-term*  
2 *renewal contract until at least June 1, 2000. On or after that date the parties may from time to*  
3 *time evaluate progress toward execution of a long-term contract by November 30, 2000.*

4                   (2) *This interim renewal contract will be renewed without change upon*

4 *Contractor's long-term renewal contract or, in the absence of agreement on the terms of the*

6 *(4) Provided that this interim renewal contract is not subject to renewal*

5 (c) *The parties acknowledge that the Contractor asserts that it is entitled as a matter of*
